Did you know that I also teach an online class based on this book called Designer 101 at **<http://knitgrrrl.ning.com>**? My students have told me that the class is excellent because you're able to build a network of supportive, helpful classmates *and* get one-on-one Q&A time with me about the topics that concern you most. It's a great way to "get more" from the book. Thanks again, and see you online!
